

Environment & Transport Report 17 February 2021 by Jerry Ozaniec

Transport, Infrastructure, and Environment Committee Activity and Decisions

The Transport and Environment Committee met on 28 Jan 2021. The next meeting is scheduled for 19 Feb 2021.

- There is a general trend as evidenced by multiple deputations from a variety of stakeholders that the Spaces for People programme requires greater community involvement and consultation.
- The measures implemented in Stockbridge to provide safe passageways as mandated by the pandemic are due to be reviewed this month (February).
- It is intended to change to an all-electronic parking permit system commencing with Residents to be followed by those for Business, Retail, & Trades and finally those for Visitors.
- The Annual Reports for:
 - Transport Infrastructure Investment – Capital Delivery Priorities
 - Public Utility Company Performance and Road Work Co-ordination
 - Decriminalised Traffic and Parking Enforcement Update

are due in April.

Traffic Disruptions

There are currently no reported scheduled road works in our area.
